Welcome Message

Dear Colleagues,

On behalf of the scientific committee, it's our immense pleasure to invite you to the "2nd International Emirates Conference on Minimally Invasive Surgery and NOTES" that is planned to be held at Rosewood Hotel on 21st – 22nd May, 2015.

The conference is designed to meet the needs of the clinical, academic surgeon, resident, nurse, or technical support staff within all specialties who wish to increase the knowledge of laparoscopic, endoscopic and minimally invasive surgical and diagnostic techniques. Your participation will provide you the opportunity to have a comprehensive look at new techniques and technologies related to the most recent advances in minimally invasive surgery and NOTES. Many sessions will provide valuable information through dialogue, discussions and visuals designed specifically for you.

This two-day conference will greatly expand your understanding of the development and use of new minimally invasive technologies and techniques. Sessions will concentrate on a variety of procedures, techniques, and issues important to laparoscopic, endoscopic and minimally invasive surgeons.

The event will feature a faculty of leading experts in this field. The Meeting consists of updates of multiple topics, plenary sessions; expert review and discussion of surgical videos and hands on clinical practice workshops performed by master surgeons

Topics covered will include Update Laparoscopic Approaches in Surgery, Gynaecology and Urology, State of the Art Single Access Surgery in Surgery, Gynaecology and Urology, Transoral, Transgastric, Transvaginal and Transanal techniques, New technologies for NOTES and scarless surgery and hands on Workshops on Single Access Surgery, NOTES and Advanced Stapler & Energy Devices.

During in-depth program, the faculty, experts in Gynecology, General Surgery, Urology, and other specialties, will share their experience, explain new and varied technology and techniques, and will lead discussions about issues and topics important to all specialties.

The video session will bring panels of Master Surgeons together to show you the finer points of their techniques and to discuss how to handle different surgical cases with attention given to lessons learned and appropriate action/reaction. The academic excellence of a distinguished faculty and state of the art technology will be combined to bring an exceptional educational opportunity to help our surgeons to provide better patient care

The event will also provide an Exhibition that will feature the latest in products and services designed by leading manufacturers.

We invite you to participate in this scientific meeting and have a unique opportunity to network with your peers and keep abreast of the latest developments in Minimally Invasive Surgery and NOTES.

We look forward to welcome you in Abu Dhabi

Please do not miss this outstanding opportunity!

Conference Objectives

Upon completion of this international conference, participants will be able to:

- Review current state of the art advances in minimally invasive surgery.
- Learn about interdisciplinary implementation of surgical innovations.
- Identify endoscopic-surgical rendezvous procedures.
- State the indications and limitations for NOTES and scarless surgery.
- Consider clinical applications of NOTES and scarless surgery.
- Improve skills in using Advanced Stapler & Energy Devices.

Highlighted Topics Include

- Update laparoscopic approaches in surgery, gynecology, urology
- State of the Art Single Access Surgery in surgery, gynecology, urology
- Transoral, Transgastric, Transvaginal and Transanal techniques
- New technologies for NOTES and scarless surgery
- Workshops on Single Access Surgery, NOTES and Advanced Stapler & Energy Devices

Target Audience

- Surgeons
- Gynecologists
- Urologist
- Gastroenterologists
- Internal Medicine Specialists
- Family and primary care Physicians
- Nurses
- Biomedical Engineers
- And all healthcare professionals interested to attend the state of the art advances in minimally invasive surgery
